

Please do not implement any proposal that will lessen the Indiana Telephone Privacy law protections. Since we have listed our telephone number on the list, the calls have decreased from about 20 calls per week to about 2 or 3 per month. It is wonderful!

As a consumer, I can chose where and how to buy items that I wish to purchase without the help of telephone solicitors.

Again, please do not diminish any of the protections of our great Indiana Telephone Privacy law. Thank you.
